

“Thanks to the Construction Workshop I have learned how to render, plaster, bricklaying and the art of stone masonry.

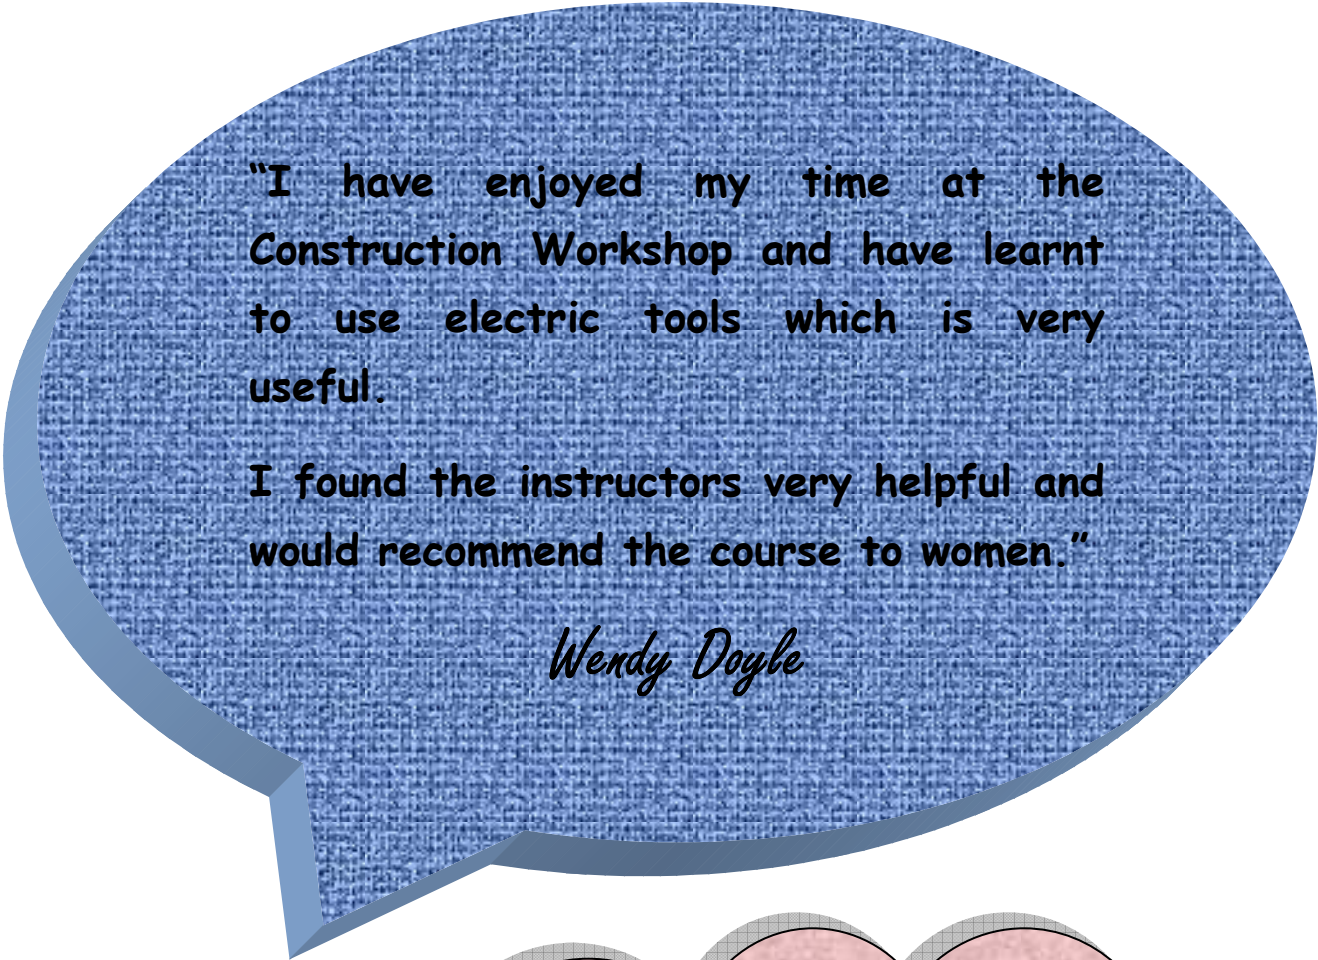

I have learned a lot and have enjoyed the experience. This is an opportunity to open doors to other women”

*J Loveday*

“I have enjoyed learning new skills that are not easily accessed by women. I've learned plastering rendering and stone masonry and have thoroughly enjoyed the experience.”

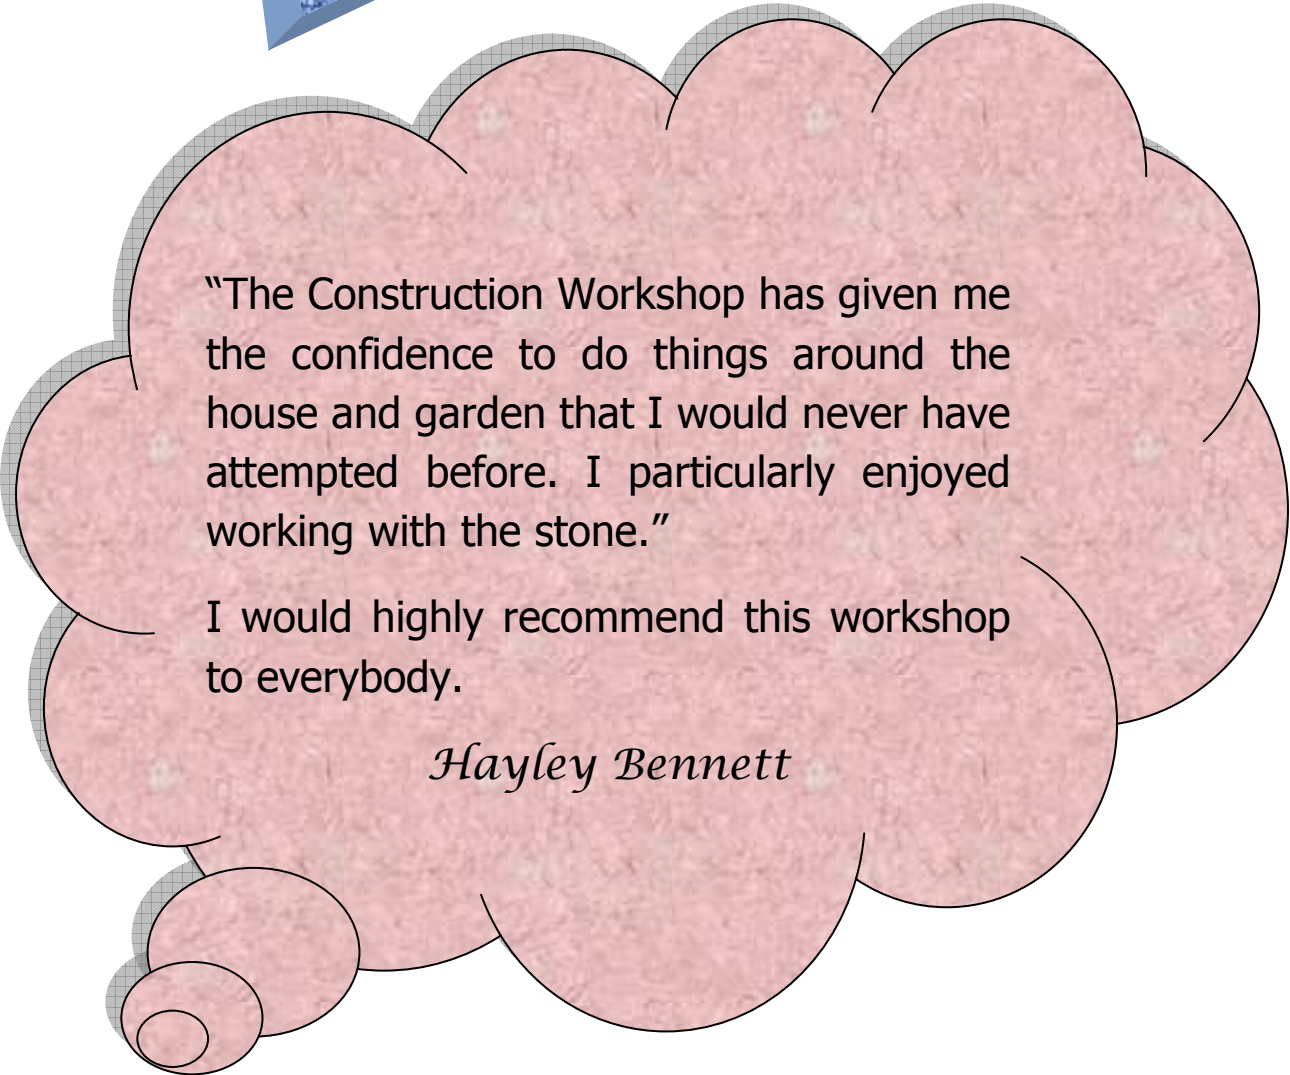

*D Davis*

"I have enjoyed my time at the Construction Workshop and have learnt to use electric tools which is very useful.

I found the instructors very helpful and would recommend the course to women."

*Wendy Doyle*

"The Construction Workshop has given me the confidence to do things around the house and garden that I would never have attempted before. I particularly enjoyed working with the stone."

I would highly recommend this workshop to everybody.

*Hayley Bennett*
